

## ABOUT SAKSOFT

Saksoft is a global leader in providing digital transformation solutions and helping businesses stay relevant in a highly connected, rapidly evolving world. Saksoft offers a gamut of services including strategic consulting, information management, application development, digital testing, cloud, mobility and IoT. The company's experience in chalking out the digital journey from ideation to execution has given customers a competitive-edge. Delivering cost effective solutions and providing superlative customer experience has been the key differentiator for Saksoft. Headquartered in Chennai (India), Saksoft has offices across the USA, Europe and Asia.
