#### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Stockholders of Saksoft, Inc.

We have audited the accompanying consolidated financial statements of Saksoft, Inc. (a Colorado Corporation) and subsidiaries, which comprise the consolidated balance sheets as of March 31, 2020 and 2019 and the related consolidated statements of income, changes in stockholder's equity and cash flows for the years then ended, and the related notes to consolidated financial statements.

#### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

#### **INDEPENDENT AUDITOR'S REPORT – (Cont'd)**

#### **Auditor's Responsibility** – (cont'd)

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Saksoft, Inc. and subsidiaries as of March 31, 2020 and 2019, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Report on Consolidating Information**

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information in Schedules I, II, III, IV and V (on pages 22 to 31) are presented for the purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations, and cash flows of the individual companies, and they are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the consolidating information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

The consolidated financial statements and notes are representations of the Company's management who are responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles in the United States of America and have been consistently applied in the preparation of the consolidated financial statements.

#### a) Principles of Consolidation

The consolidated financial statements include the activities of the Company and its subsidiary for the fiscal years ended March 31, 2020 and 2019. All intercompany balances, transactions, income and expenses, and profits or losses have been eliminated on consolidation.

#### b) Basis of Accounting

#### Note 2. <u>Summary of Significant Accounting Policies (Cont'd)</u>

#### c) <u>Use of Estimates</u>

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual events and results could differ from those assumptions and estimates.

#### d) Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity from the date of purchase of three months or less to be cash equivalents. As of March 31, 2020 and 2019, cash and cash equivalents consist of deposits with banks in checking accounts. The recorded carrying amount of cash equivalents approximates their fair value. The Company places its cash equivalents with high credit-quality financial institutions. As of March 31, 2020 and 2019, there were no restricted cash balances.

#### e) Accounts Receivable

Trade accounts receivable are stated at net of allowance for doubtful accounts. The Company establishes an allowance for uncollectible trade accounts receivable based on historical collection experience and management's evaluation of collectability of outstanding accounts receivable. The Company generally does not require collateral or other security in support of accounts receivable.

#### f) Concentrations of Credit Risk

Financial instruments that potentially subject the Company to credit risk consist primarily of cash and cash equivalents and accounts receivable. Cash and cash equivalents are deposited with federally insured commercial banks in the United States. As of March 31, 2020 and 2019, the Company had cash balances in excess of federal insurance limits. Risk to the Company for the uninsured cash balances is considered minimal.

The Company generally does not require collateral or other security in support of accounts receivable. The Company analyzes the need for reserves for potential credit losses and records allowance for doubtful accounts when necessary. During the years ended March 31, 2020 and 2019, a few customers account for a large portion of the Company's revenues and receivables. The details related to accounts receivable are discussed in Note 4.

#### Note 2. <u>Summary of Significant Accounting Policies</u> – (Cont'd)

#### g) Property and Equipment

For financial reporting purposes, depreciation of property and equipment is provided on the straight-line method. The estimated useful lives of the assets are as follows:

Computers, F&F, & Equipment

5 years

All property and equipment with acquisition costs of at least \$ 500 and useful life of over one year, is capitalized. The cost of assets sold, retired, or otherwise disposed of and the related accumulated depreciation are eliminated from the accounts, and any resulting gain or loss is included in statement of income and retained earnings. Expenditures for maintenance and repairs are charged against operations. Renewals and betterments that materially extend the life of an asset are capitalized.

#### h) Intangible Assets and Amortization

Intangible assets other than goodwill that have finite useful life are amortized over the asset's estimated useful life on a straight line basis. Currently, estimated useful life is considered as 36 months for the asset purchase agreements. Intangible assets that have indefinite useful life and goodwill are not amortized; instead, they are subject to impairment test.

#### i) Revenue Recognition

The Company generates revenue from professional services rendered. Revenue is recognized for the services performed while the corresponding costs of providing those services are reflected as cost of sales. Billings to customers for out-of-pocket expenses are recorded as a reduction in expenses incurred. Billings in excess of revenues represent invoices raised for which services are not yet rendered; they are recognized as revenues when services are performed.

#### Note 2. <u>Summary of Significant Accounting Policies</u> – (Cont'd)

#### 1) Income Taxes

The Company provides for income taxes on the basis of United States generally accepted accounting principles (as codified by Financial Accounting Standards Board) which requires recognition of deferred taxes based on the differences between the financial statement and the tax basis of assets and liabilities at enacted rates in effect in the years in which the differences are expected to reverse. Valuation allowances will be established when necessary to reduce deferred tax assets to the amount expected to be realized.

The Company follows certain accounting standards related to uncertain tax positions. These standards prescribe a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. A tax position is recognized when it is more-likely-than-not that the tax position will be sustained upon examination, including resolution of any related appeals or litigation processes. A tax position that meets the more-likely-than-not recognition threshold is measured at the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement with a taxing authority. The standard also provides guidance on derecognition of tax benefits, classification on the balance sheet, interest and penalties, accounting in interim periods, disclosure and transition.

A number of the Company's tax returns remain subject to examination by tax authorities. These include U.S. federal and state tax returns for three years and tax returns for certain states for four years.

The COVID-19 outbreak in the United States and throughout the world has caused business disruption due to shelter-in-place regulations imposed by various governments. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings. The extent of the impact of COVID-19 on operational and financial performance will depend on certain developments, including duration and spread of the outbreak, the future impact on the customers, employees and vendors, all of which are uncertain and cannot be predicted.

A recent legislation named CARES Act (Coronavirus Aid, Relief and Economic Stability Act) allowed small businesses to apply for a new business loan program (Paycheck Protection Program- PPP). This loan program is administered through US Small Business Administration for eligible loan recipients to help cover certain operational costs such as payroll, health benefits, rent, utilities and interest on loans existing prior to February 15, 2020.
